Where is the contest? Is it between Bachanan and Fremont, or Fillmore and Fremont? One would surp se, after the State elections we have had, and with the canvass in the other States now going on, that question was answerr! In no free State yet has there been a Fillm re candidate for any office; in no c se has his party casta vote. Only two or three F 1 more men for Congress have been nemitated; one, we b. lieve, la Oaio, and one in Ponnsylvania. In the latter Stato there is a Fillmore electoral inker, and a large number of that ticket have declated for Frem nt. Where is the Fillm re party in the free States to make a contest with Frement? 1 has no existence; yet we are told that Filimore cou'd be elected, if Buchanga were not in the field. Now, the brethren had better app'y to Fremont. They have sided his party now for two years, and it is nareasonable in Fremon'ers i insist on disregarding these who have rendered them essential assistance. The oditor of the Applicanists were going to yield to Fillmore the time, and postpone their claims until the next one as the paragraphs which form the record of four years. Since they have not done so; but have obstinately persisted in running a candidate of their own, the F.limere organs now coolly tell that people will stand in their way. Somebody ought to decline, or they will get no votes. Then o in litton is accidently distre-sing, and needs relief. Now, we should think it modest that the candidate not I kely to get any votes had better de evine himself. The party that can't muster a State ticket for State offices in a single free State in the Union, and that has not the numbers to put up a candidate in half a dozan districts out of onnundred and forty-four, had as well take down the Black Re, ublic as in all their shrieking for Jone m at thit hall and devoted frouds course it would do Fil in re no good. The more respectable of the Know-Nothin papers have, from time to time, alluded to the ourrages committed by the unlawfut procession of these Clubs, and have repeatedly urged upon the authorities the imperitive necessity venting their future public parader.
